

**Susan Comensky** is Vice President of Environmental Affairs, a position she was elected to in 2016. Susan's responsibilities include environmental compliance and strategy, as well as the company's environmental stewardship programs and operations. Susan originally joined Southern Company in 1984. She has held leadership positions at Alabama Power and Southern Company Services in business development, commercial and industrial marketing, wholesale contracting and strategy development.

She previously served as director of Gas Services and director of Coal Services for Southern Company and was named vice president of External and Regulatory Affairs for Southern Power in 2011, with responsibility for external affairs, land management, environmental affairs, transmission and corporate communications. She also served as Southern Power's compliance officer.
