

**Jill Stork** is vice president of Alabama Power's Western Division, where she is responsible for the company's economic and community development initiatives, as well as external affairs for West Alabama. The Western Division encompasses 14 counties and 78 municipalities, serving more than 230,000 Alabama Power customers.

Previously, Stork served as the area manager in the company's Mobile Division, where she oversaw the division's community development, economic development, workforce development and local external and governmental affairs efforts.

Stork began her career at Alabama Power as a distribution engineer. She has worked in multiple divisions in roles of increasing responsibility, including engineering and line crew supervisor in the Lake Martin area, area manager and operations manager in Southeast Division and operations manager in Mobile Division.

**Jill Stork**

Vice President,  
Western Division,  
Alabama Power  
Company

Stork serves as vice chairman of the Mobile Area Education Foundation board of directors, and on the executive committee of the Africatown Redevelopment Corporation. She serves on the Mobile Area Chamber of Commerce Governmental Affairs committee, Bishop State's Girls Learning About Manufacturing advisory council and the Mobile Air Service task force. Stork is past chairman of the Southwest Alabama Workforce Development Council board of directors.

Stork holds a Bachelor of Science in electrical engineering from the University of Alabama.
