

RATE RIDER PV (PHOTOVOLTAICS)

By order of the Alabama Public Service Commission dated July 9, 1999 in Docket # 4016.

PAGE 1 of 1	EFFECTIVE DATE August, 1999 billings	REVISION Original
-----------------------	--	-----------------------------

AVAILABILITY

To all customers served throughout the Company's service area from existing lines of adequate capacity. Rate Rider PV customers will be served from the existing electrical system. Customers may purchase photovoltaic energy in 100-watt blocks. Multiple blocks may be purchased. Power purchased or produced from photovoltaic facilities may not be specifically delivered to the customer, but will displace power that would have otherwise been produced from traditional generating facilities.

APPLICABILITY

Applicable, upon request, to all customers in conjunction with all standard rates. Construction of the photovoltaic facility or power purchased from photovoltaic facilities will begin upon the attainment of sufficient commitments from all participants across the Southern Company electric system where the option is available and, as necessary, after obtaining Commission approval for a Certificate of Convenience and Necessity. Customer billing will begin with the second month following the date in which power is purchased from photovoltaic generating facilities or in which a photovoltaic generating facility of the Company begins commercial operation.

MONTHLY RATE

Customer Access Charge:
\$6.00 per 100-watt block

TERM OF AGREEMENT

Service under Rate Rider PV shall be for an initial term of five (5) years and may be terminated by either party following two (2) years written notice to the other party. Such two (2) year notice to terminate can be given at any time following year three (3) of the initial term.

Service hereunder is subject to Rules and Regulations for Electric Service on file with the Alabama Public Service Commission.
