AVAILABILITY

Available in areas served from the interconnected system of the Company where Automated Metering Infrastructure is available. Available only to customers taking service under Rate FDT and who are active participants in the Company's SmartPower program.

APPLICABILITY

Applicable as an optional rate rider to customers taking service under Rate FDT and who are active participants in the Company's SmartPower program. The rate rider applies to Rate FDT customers during the months of June through September of each year. A critical peak period may be designated at the Company's discretion during the time period defined below. During a designated critical peak period, the charge for energy shall be the critical peak charge instead of the on-peak charge. The duration of any single critical peak period may range from 1 to 5 hours in length. The total number of hours designated as critical peak periods may not exceed 120 hours per year.

MONTHLY RATE

All provisions of Rate FDT not specifically mentioned in this rider are incorporated by reference and remain in effect.

Charge for Energy:

JUNE 1 through SEPTEMBER 30
31.2835¢ per kWh (critical peak)
13.7835¢ per kWh (on-peak)

DEFINITION OF TIME-OF-USE PERIODS

The on-peak period for June 1 through September 30 is defined as being those hours between 12:00 noon and 7:00 p.m., Monday through Friday. A critical peak period may be designated at any time during such on-peak period.
