DETERMINATION OF BILLING CAPACITY

The monthly billing capacity shall be the greater of (i) the maximum integrated sixty (60) minute demand (in kW) measured during the Peak Period for the billing month or (ii) ninety percent (90%) of the highest maximum Peak Period demand established during a previous month not more than eleven (11) months prior to the billing month.

PEAK PERIODS

Peak Periods begin and end as follows. For billing months April through October, the Peak Period begins at 1:00 p.m. Central Time and ends at 5:00 p.m. Central Time. For billing months November through March, the Peak Period begins at 6:00 a.m. Central Time and ends at 9:00 a.m. Central Time. Peak Periods include weekdays only (Monday through Friday), but exclude the following holidays: New Year's Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. When any of the foregoing holidays fall on a Sunday, the Monday following shall be treated as an excluded holiday.

MINIMUM BILL

No monthly bill will be rendered for less than the Base Charge plus the monthly demand charge for billing capacity, plus any charges required by the applicable provisions of Rate T (Tax Adjustment).

PAYMENT

Bills for service rendered hereunder are payable in accordance with the General Rules of the Alabama Public Service Commission and Alabama Power Company's Rules and Regulations for Electric Service. Bills not paid in accordance with such rules become delinquent and are subject to additional charges.

ENERGY COST RECOVERY

Monthly charges will be increased in accordance with the applicable provisions of Rate ECR (Energy Cost Recovery).
