

**Ken Novak** is Vice President of Alabama Power Company in the company's Southeast Division, based in Eufaula. He is responsible for customer service operations, external and community relations, and the division's economic development activities. The Southeast Division encompasses 14 counties and is home to more than 113,000 Alabama Power Company customers.

Novak began his career with Alabama Power Company in 1981 as a junior engineer in Birmingham. He progressed through positions of increasing responsibility in the Construction department and in Corporate Headquarters before joining Economic and Community Development, where he spent the majority of his career. Prior to being named Southeast Division Vice President, Novak served for six years as Vice President of Economic and Community Development.

Novak received his Bachelor of Science degree in Industrial Engineering from the University of Alabama in 1981 and Master of Business Administration from the University of Alabama at Birmingham in 1989.
